

UTAH MODERN WHIG PARTY

- We will always serve -

August 2018 Newsletter

Party Platform Call-Out

Equality

Modern Whigs have always supported equal treatment under the law for all adults. We do not believe that the inalienable rights to “life, liberty, and the pursuit of happiness” are in any way negated by a person’s race, national origin, gender, age, religion, disabilities, veteran status, sexual orientation, or gender identity.

We will hold out a large stop sign whenever government overreaches its authority and attempts to deny anyone of any of their inalienable rights. These rights cannot be given away, nor can they be taken from us without due process.

Our government no longer represents most Americans. Instead, it represents special interests willing to donate large sums of money to political campaigns for special favors. This is un-American and a shame upon all of us for tolerating it. We do not support candidates that take special interest or corporate donations and never will. We do not believe a democracy can remain healthy while it permits public officials to trade favors from the government for campaign contributions.

August Outreach

We have some exciting activities coming up in September that have the potential of accelerating our growth as a party! On September 7th, we will be on the campus of the University of Utah speaking to anyone interested in learning more about the party and encouraging them to sign up online to become members. We will have a table set up near the cafeteria in the Union Building, so come stop by! We’ll be there from about 9am until likely early afternoon, depending on how busy it is. The very next day, we will have a table set up at Liberty Park in Salt Lake City along with several other political groups at an event called The People’s Day, from 4pm to 8pm.

Modern Whig Party National Vice-Chair, Michael Burger, will be joining us at both these events. This is a great chance to meet a national leader in our party and talk with him about our party’s future!

Party Leadership

Chair:
Matt Jacobsen

Vice Chair:
David Ripplinger

Treasurer:
Joseph Haslam
